Subject: Lucas candidates

I know our records can be hard to access and our reporting is sketchy,
but can you tell me (even roughly)

* how many current Lucas/ILM employees we have under real consideration
for employment (i.e. we're interviewing them, or have screened their
materials and plan to interview them)

* how many former Lucas/ILM employees we have under real consideration

* how many of our new hires over the past six months have been former
Lucas/ILM employees

Ed & Simon need to talk with Mich Chau (the LFL President) and possibly
George about this (they got really mad that we've hired [REDACTED])
and I want to give Ed some info.

Please call me so I can explain in more detail what I'm thinking.

Thanks!
